September, 1954

Dear Brother Florist:

This season we are putting out the finest Bulb and Plant List ever mailed by us.

Due to enormous demand, we are adding many more varieties of Plants to our list. The past season we were over half a million Plants short of customers' demands.

We ship to over 6,000 florists, nurserymen, seed stores, variety stores, department stores, etc.

We've been in business here for many years and many of our customers are still with us from the day we started, which should give you some idea of the quality we ship out.

All our Plants are outdoor grown and not soft stemmed greenhouse plants. We grow

millions of Plants, as you can see by our list, and yet every season we run short of demand.

Nothing more to say . . . just give us a trial order and you will be back again and again.

We do not charge for packing or boxes, but our terms are always cash or C. O. D. except to old reliable customers who have bought from us for several years.

We sell at ridiculously low prices so cannot afford to lose any bad accounts.

All shipments are F. O. B. Kalamazoo, Michigan, via Railway Express. If parcel post shipments are desired we will bill you for postage, which must be paid promptly on receipt of shipment.

Yours for Better Flowers.
